

# Phusit Boonwong

## Details

Soi Rama9 26-4

Bangkok,10310

Thailand

097-178-4484

[phusitboonwong.phu@gmail.com](mailto:phusitboonwong.phu@gmail.com)

Date /Place of birth

15/08/2003

Nationality

Thai

## Education

Rajamangala University of Technology Phra Nakhon

2021 — 2025

Faculty of Engineering, Engineering in Computer Engineering

GPA 3.00

## Internships

IT Green Company (Limited) at Network Engineer

June 2024 — October 2024

- Configured network switches and access points, including Alcatel and Aruba brands, to ensure optimal network performance and seamless connectivity across devices
- Designed a network system for the Aruba brand and presented the solution to senior engineers. Utilized AirWave to create heatmaps for optimal coverage planning and implemented a controller-based setup to manage access points effectively.
- Promoted Active Directory (AD) and configured authentication for access points using 802.1x encryption to enhance network security and ensure user verification.
- Customized a captive portal login page by integrating user authentication through Daloradius/Freeradius to enhance network access management and provide a seamless user login experience.

## Programming Skills

- Html
- Css
- React
- Tailwind Css
- Javascript
- Mysql

## Tools

- Github
- Git
- Postman
- Canva

## Soft Skills

- Communication skills
- Team collaboration
- Problem-solving
- Adaptability
- Punctuality

## Hobbies

Enjoys listening to music and exploring new activities for personal growth and creativity.

## Projects

- Augmented Reality Navigation for Building Search

## Certificate

- Simulink Onramp
- AI for All: From Basics to GenAI Practice
- DevSecOps Transformation & Technologies
